# INTRODUCTION

## 01

This manual is applicable to Dotsure Limited and Dotsure Life Limited (collectively referred to as “Dotsure”). Dotsure conducts its business in the insurance and financial services industry.

## PURPOSE OF PAIA

### 02

PAIA is an Act which gives effect to the constitutional right of access to information held by the State or by another person and which is required for the exercise or protection of any right. Any organisation which receives a request made in terms of PAIA is obliged to give access to the requested information, except where the Act expressly provides that the information may or must not be released.

It is important to note that PAIA recognises certain limitations to the right of access to information, including, but not exclusively, limitations aimed at the reasonable protection of privacy, commercial confidentiality, and effective, efficient and good governance, and in a manner which balances that right with any other rights, including such rights contained in the Bill of Rights in the Constitution.

POPIA was enacted in November 2013, to promote the protection of personal information processed by public and private bodies. POPIA amended certain provisions of PAIA, balancing the need for access to information against the need to ensure the protection of personal information.
